FAQ'S

I or my child have never played music before?

Answer: That is no problem. Our teachers are trained to teach from absolute beginner to advanced.

I don't currently have an instrument?

Answer: That is ok. We have everything that you need here at the school, no need to have an instrument right away. We may be able to hire you an instrument depending on availability.

How much practice is required?

Answer: Consistent practice is essential for progress. For beginners, 5 minutes of practice a day is a good start. As students advance, they may need to practice longer. The key is regular, focused practice rather than long, infrequent sessions.

How do I track my child's progress?

Answer: Teachers provide regular feedback during lessons and through our student portal. We also showcase at students at the end of each term (this is voluntary) You should be able to hear the progress your child is making as they get better each week at learning their song .

What types of music will my child learn?

Answer: We cover a variety of music styles, including rock, pop, and contemporary. We also consider students' musical preferences to keep them engaged and motivated. We believe in connection over curriculum. We know when a child has a good connection with their teacher and they are having fun, learning comes naturally.

What if we need to miss a lesson?

Answer: We understand that life happens. We offer one makeup lesson every 60 days with 24-hour notice, when you cancel via the student portal. For lesson cancellations in under 24 hours notice, your teacher will send a video lesson. Please make sure you are familiar with our student portal to be sure you cancel through there.

There are no make up lessons for group or band sessions. You are welcome to jump into another group class if there is one available.
